AIP Project No. 3-23-0056-xxx-2018
Brunswick Executive Airport

Sealed Bids for **Airfield Electrical Improvements, Phase 1; PAPI Cabling, Windsock Relocation & Airfield Electrical Study** at the Brunswick Executive Airport will be received by the owner at the Midcoast Regional Redevelopment Authority, 15 Terminal Road, Suite 200, Brunswick, Maine 04011 until 2:00 PM, April 24, 2018 local time and then at said office publicly opened and read aloud.

The project involves the installation of a new constant current regulator and electrical cable to service the existing two sets of Precision Approach Path Indicators (PAPIs) on Runway 1R-19L. In addition, a new supplemental windcone will be installed between Runway 1R and Taxiway A. The existing windcone and foundation will be removed. The final part of this project is to perform a study in order to provide the airport with a complete set of accurate drawings for the airport's electrical system (including airfield lighting, airfield visual aids, airfield navigational aids, airfield miscellaneous aids, airfield electrical vault, and power distribution and control systems) and to recommend repairs to electrical circuit and equipment problems that are identified during the survey. Recommendations from the study will be designed and constructed in a future electrical improvements project.

For questions regarding the project please call Suzy Sheppard at (603) 669-5555 ext. 150 or email ssheppard@hoyletanner.com.
